No Grease
School of
TONSORIAL
ARTS

The No Grease! School of Tonsorial Arts opened in July 2003. The vision for the school is to provide intensive barber curriculum that gives the tools necessary for successful transition into the barber profession. Course instruction and materials, which far exceed the standards for the North Carolina Board of Barber Examiners, prepare students for the many opportunities in the lucrative career of barbering. Students will gain hands-on experience with live models and mannequins, develop class projects, and dialogue during case studies under the tutelage of master barbers.
